

Design & Technology Progress

Y9 Projects		
Term 1	Memphis Inspired Clock	
Term 2	CAM mechanical toy	
Term 3	Sweet Dispenser	

		Banding			
		Basic D	Secure C	Developed B	Fully Developed A
Research	Understanding the User 	No link between design brief, research and initial ideas.	Some links between design brief, research and initial ideas.	Good links between design brief, research and initial ideas.	Excellent links between design brief, research and initial ideas.
Design	Design Presentation 	Untidy presentation with limited attention to detail and some spelling errors.	Some well presented pieces of work but needs more attention to detail. Some spelling errors	Work is neatly presented with all work glued in and corrections made. Very few spelling errors	Excellent presentation of work. No spelling errors. Feedback has been actioned and amendments made.
	Design Development 	No change or development from initial designs to final design.	Some simple changes and improvements from initial designs to final design.	Good range of improvement from initial designs to final design.	Excellent improvement and development using feedback to improve design ideas
Make	Health and Safety 	Requires constant supervision when working in a workshop environment.	Requires some intervention when working in the workshop, follows most of the H&S rules.	Requires little intervention, can work safely and follows all H&S rules.	Requires no intervention, can work independently and helps others to work safely.
	Independence 	Unable to work independently and requires help throughout lesson	Some independent working, requires regular checks and a buddy to work with	Can work independently and shows high level of resilience	High level of independence and is able to lead others by example
	Quality Control 	Practical products generally do not have a successful outcome	Able to undertake some quality checks and has a good product to show	Completes all quality checks. All products are made to a high standard and finished well	Completes all quality checks. Products finished to a high standard and able to assist others
Evaluate	Reflection 	Limited evaluation. Able to say what is good or needs improvement	Evaluation has identified WWW and EBI with some conclusions from testing product	Evaluation has identified WWW and EBI with detailed conclusions from testing product	Very detailed evaluation including WWW, EBI and Justifications with a conclusion from testing product
