

DESIGN & TECHNOLOGY

House Design Project

You will be researching, designing and modelling your 'dream' house

You will be learning about and applying the following:

- Building design and construction
- Interior design
- 3D drawing techniques
- Prototyping in the design cycle
- Modelling techniques
- CAD software

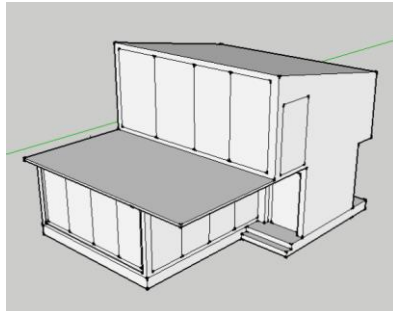

Key search engine terms:

Architecture:

- Zaha Hadid
- Amanda Levete
- David Adjaye

Interior design:

- 1508 London
- Eric Kuster
- Jeremiah Brent

Tasks:

Select an architect or designer from the list (on left) and write a short piece on their style and influences. What do you like about their work? How could you incorporate their ideas into your design work?

Using 2 point perspective, sketch your 'dream' house below:
